Tutoring Experience

With 16 years of experience, I've worked with students from diverse backgrounds, guiding them through IB and A-Level Physics. My experience spans working with students across Singapore and internationally, ensuring a solid grasp of fundamental and advanced physics concepts.

Over the years, I've also supported students in IGCSE and AP Physics, helping them excel in both coursework and exams. My focus on physics fundamentals, combined with an in-depth understanding of the curriculum, has enabled many of my students to pursue science-related degrees at top universities.

I've also provided tailored assistance to students preparing for university-level studies, ensuring they are well-equipped for more advanced physics courses. Many of my students have achieved high grades and gone on to excel in their academic journeys.
