KTH Royal Institute of Technology: BSc in Mechanical Engineering (2010–2014)

Lund University: MSc in Applied Mathematics (2015–2017)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the past decade, I have guided thousands of students through their IB and IGCSE Maths courses, helping them master complex concepts and excel in their exams. My experience spans international curricula, and I have worked with students from diverse backgrounds, ensuring they are well-prepared for academic success.

In addition to IB and IGCSE, I have also taught A-Level Maths and helped students prepare for competitive exams. My goal is to equip each student with the tools they need to build confidence and achieve top marks in mathematics. I have consistently seen my students improve their understanding and performance, thanks to a solid focus on foundational concepts.
