🎓 Experienced Tutor | Lund University | PhD in Biology

Holding a PhD in Biology from Lund University and an MSc in Zoology from Uppsala University, I have 20 years of experience teaching IB, A-Level, and IGCSE Biology. My research expertise aids students in excelling in exams and coursework.

Teaches: IB Biology A-Level Biology IGCSE Biology GCSE Biology AP Biology

Curriculum: IB A-Level GCSE IGCSE AP

Qualifications

Lund University: PhD in Biology (2000–2005)

Uppsala University: MSc in Zoology (1996–2000)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

For the past 20 years, I've taught Biology across various curricula, including IB, A-Level, and IGCSE. My experience has allowed me to work with students of diverse backgrounds, providing tailored support to help them achieve academic excellence. I specialize in helping students prepare for their final exams, with a focus on understanding complex biological concepts.

In addition to secondary-level teaching, I've guided undergraduate students in their biology studies, supporting them through advanced topics like genetics, ecology, and molecular biology. Over the years, I've witnessed my students succeed in their exams and go on to study at prestigious universities worldwide.

My approach to tutoring has always been rooted in my passion for biology. Whether guiding students through lab work or preparing them for written assessments, I find great satisfaction in helping them develop a deeper understanding of the subject. Many of my students have gained confidence in their abilities and improved their academic outcomes as a result.
